Get 2010 Going in the right direction!!

Back by popular demand to help get your 2010 season started in the right direction the Race Tech Dirt Chassis School. Whether you race a Modified, Sport Modified, B Modified, Stock Car, Hobby Stock, or a Late Model race car this is the best way to learn about your race car and optimize your race equipment's performance. We guarantee you will gain valuable knowledge and education about -

- Springs • Shocks • Front End Alignment • Caster • Camber •
- Toe Settings • Bump Steer • Rear Steer • Roll Steer •
- Rear Suspension Adjustments • 2 Link • 4 Link • Z Link •
- Torque Links • Panhard Bars • Brake Systems •
- Base Line Set - Ups • 15 Proper Scaling Methods •
- Tire Management • Track Adjustments •
- Understanding The Driver • What The Race Car Tells You •
- and Much Much More •

Our Workbook Manual will become your main information and reference source. With the use of chassis simulators and our other visual aids you will have hands-on for better retention plus these training aids will help you to understand the material covered in the class easier! Money is tight with the money you have invested in equipment why wouldn't invest in yourself? Register NOW! Class size is limited to unsure quality education.
